

Glass Oil Burner / Melt Warmer Competition

We're delighted to be running an exciting new competition!

We're looking for new oil / melt burner designs, and we need your help!!

Simply sketch out your design ideas (using the template on Page 2 of this form), and email them back to us. Feel free to submit as many designs as you like!

These designs need to fit onto the frontplate (and backplate) of a standard size glass panel burner (see below), and you can use a variety of different mediums and materials, including coloured printing, mirrored sections, 3D diamantes, clear glass areas, any colour glitter etc...

Winning design(s) will then go to our factory in the Far East for sampling, with mass-production to begin in March, before the product launches in August!

Just imagine being able to bring your ideas to life, and to see your very own design on shelves and in shops up and down the country, in the UK, Ireland and across the EU.

Please complete the backsheet and either email or post back to us before the 31st January 2020.

(customerservices@sparksgiftwholesalers.co.uk) (Sparks Gift Wholesalers, Unit 9 West Kingsdown Trading Estate, London Road, West Kingsdown, Kent, TN15 6EL).

Important!

Please annotate your design with labels clearly showing which material is to be used on each section, as in the example below.
